

Learner experiences an exposure or injury in the clinical setting

Immediate Response

- Begin First Aid
- Notify supervisor
- Ensure transfer of patient care

0-2 hours after incident

- Report to the onsite occupational health office if available or the closest emergency department
- Identify yourself as a McMaster student on a clinical placement
- Indicate who your follow up results should be forwarded to, i.e. family physician or Student Wellness
- Notify your program of the incident
- Complete and submit McMaster Injury Incident Report

0-3 days after incident

- Comply with treatment regimen and attend all follow up appointments
- Maintain regular contact with McMaster University Employee Health Services Office (905) 525-9140 x20309
